

TABOO

sonomatilemakers.com

Applications

- Indoor wall applications
- Cooktop areas and fireplace surrounds (temperature must not exceed 390°F)
- Shower Walls
- Not suitable for floors, pools, fountains, or exterior areas

Notes:

- The lustrous surface and faceted edges of Taboo may reflect light differently before and after grouting. This does not affect the integrity of the tile.
- Due to the soft nature of aluminum, extra care must be taken when unpacking, grouting and cleaning the tiles to avoid scratching the surface.
- Variation in color, shade and texture is to be expected.

See our Tech Info for more detailed information at sonomatilemakers.com/installation

Sustainability

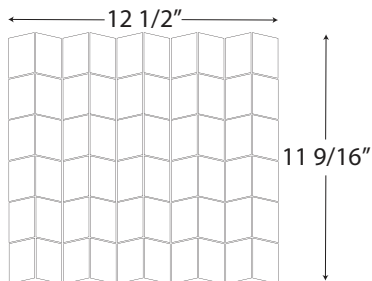

Taboo Specifics:

- Lead-Free
- Non-Toxic
- No VOC off-gassing

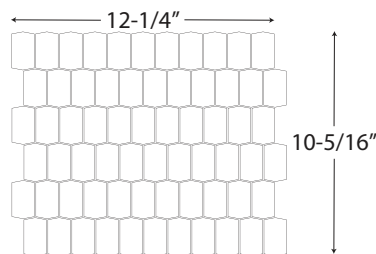

Around the Taboo Factory:

- Water is reused during the manufacturing process
- Taboo is packaged in recyclable boxes that are printed with an organic solvent

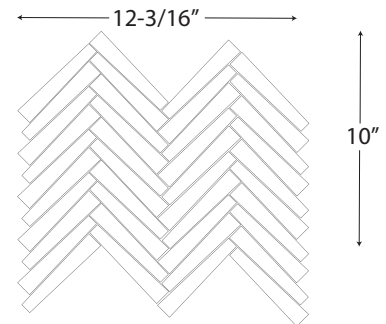

Shapes All sizes 3mm thick (available mesh mounted only)

Camino 1 7/8 x 1 1/8
(1 Sq. Ft./Sheet)
6 rows/sheet

Ethos 1 3/4 x 1
(.88 Sq. Ft./Sheet)
6 rows/sheet

Gable 4 1/4 x 3/4
(.85 Sq. Ft./Sheet)
10 rows/sheet
