

VIHARA

sonomatilemakers.com

Tile is an inherently sustainable choice because it can last a lifetime, produces no VOC off-gassing and is a non-leaching product that does not adversely affect other materials or humans that come in contact with it. All of our product lines, produced both in the US and by our global partners are made in factories that share our passion and sense of responsibility to care for the environment and produce products in the most sustainable way possible.

Vihara Specifics:

- Made from 70% post-consumer recycled glass
- Lead-Free
- Non-Toxic
- No VOC off-gassing

Around the Vihara Factory:

- 95% of the heat generated from the kilns is used for drying and annealing purposes.
- No scrap is thrown away, impurities are discarded and turned into cullet for later use.
- Tiles are mounted on recycled paper.
- Discontinued sizes, shapes and colors are donated to local organizations such as Habitat for Humanity.
